Halloween Printers Tray makes an adorable home décor item for you to enjoy year after year.

Check out the class sample in the store...we're sure they will inspire you!

*** Customer Appreciation Day ***

Don't miss our Customer Appreciation Day Celebration on Saturday, September 4th! You will want to take time out from your holiday weekend plans to join us for discounts, make & takes, cake, punch, and the chance to win one of the fabulous prizes we are raffling off. See you then!

Class Kit Purchase

You can purchase kits from some of our classes without having to attend the class. Just stop by the counter and ask for a Class Kit Purchase Order Form. We will gladly help you fill it out and answer any questions you may have. You must pay for the kits at the time of order. When we have made your kits and completed your order, we will call you. You must pick them up within one week. Since you will not be attending the class, kits may not include photo, pattern or instructions. Special materials provided by the

instructor will not be included in the kits.

Tool Box

The tool box is a list of basic supplies you will need to bring to every class. We do not supply anything in the toolbox. If you don't have something that is needed, you can purchase it the night of the class.
